CORRE- LATION (Tra	MATERIAL  Anscribe driller s terminology literally but 1 araphr ise and record state level if years and record state level if years.	From (feet)	To (feet)
LATION	inscribe driller's terminology literally but i araphr ise as all water bearing so state and record static level if reind surface datum unless otherwise indicated. Correlate e Following log of materials list all casings perforation	(feet)	(feet)
LATION		(feet)	(feet)
LATION	unscribe driller's terminology literally but a graphr ise as tall water bearing so state and record static level if rejud surface datum unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply hardpan, gravel	s necessary in ported Cive d with stritigra ons sereces etc	parenthes parenthes in faphic column
LATION	unscribe driller's terminology literally but a graphr ise as all water bearing so state and record static level if read surface datum unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply	s necessary in ported Cive d with stritigrams seriens etc.	parenthus lepths in fiphic colur
LATION	unscribe driller's terminology literally but; araphrise as laid water bearing so state and record static level if red districted atom unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel clay, gravelly	s necessary in ported Cive d with stritigrans series etc.	parentholepths in its phic column.
LATION	unscribe driller's terminology literally but; araphrise as tall water bearing so state and record static level if red districted atom unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel clay, gravelly sand	s necessary in ported Cive d with stritigrams series etc. 0 51 55	parenthus lepths in faphic colur
LATION	anscribe driller's terminology literally but a raphr ise as all water bearing so state and record static level if read surface datum unless otherwise indicated. Correlate Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly  hardpan	s necessary in ported Cive d with stritigra ons seriens etc. 0 51 55 64	parenthus lepths in fuphic column.
LATION	unscribe driller's terminology literally but a graphrise as all water bearing so state and record static level if read surface datum unless otherwise indicated. Correlate Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly	(feet)  s necessary in ported Cive d with stritigrams serects etc	(feet)  parenthus lepths in f lepths colur  51  52  70  74
LATION	anscribe driller's terminology literally but a raphr ise and water bearing so tate and record static level if read surface datum unless otherwise indicated. Correlate in Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly  hardpan  clay, sandy	(feet)  s neccessary in ported Cive d with stritigra ins screens etc.  0  51  55  64  70  111  132	(feet)  parenthus in it sphic colur   51   55   62   70   74   132
LATION	anscribe driller's terminology literally but a raphr ise an all water bearing so tate and record static level if read surface datum unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly  hardpan  clay, sandy  clay, sandy  clay	(feet)  s neccessary in ported Cive d with stritigra ins screens etc.  0  51  55  64  70  111  132	(feet)   parentholepths in in phic column   51
LATION	anscribe driller's terminology literally but a raphr ise and water bearing so tate and record static level if read surface datum unless otherwise indicated. Correlate in Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly  hardpan  clay, sandy	(feet)	(feet)   parentholepths in in phic column   51
LATION	unscribe driller's terminology literally but; araphr ise as last water bearing so state and record static level if rejected surface datum unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly  hardpan  clay, sandy  clay, sandy  clay  Casing 6" from 7 to 134	(feet)	(feet)   parentholepths in in phic column   51
LATION	unscribe driller's terminology literally but; araphr ise as last water bearing so state and record static level if rejected surface datum unless otherwise indicated. Correlate e Following log of materials list all casings perforation.  Domestic supply hardpan, gravel  water in gravel  clay, gravelly  sand  clay, gravelly  hardpan  clay, sandy  clay, sandy  clay  Casing 6" from 7 to 134	(feet)	(feet)   parenthe
